Cave Výpustek was centuries ago a large and unique underground complex but it was remarkably damaged in the 20th century due to the German and Czechoslovakian army. Křtiny - beautiful, magnificent pilgrimage temple and a national cultural landmark, was built in 1718 according to the project by J.B.Santini. A legend says that in the year 1210 the Virgin Mary of Křtiny appeared on blooming chestnut near the town of Bukovinka. Křtiny is one of the oldest pilgrimage places in our country. According to another old story St.Cyril and Methodius and their disciples baptized in the local valley - therefore the old name Vallis baptisimi - Valley of baptism - Křtiny (baptism).
